HALF THE WATER.
TWICE THE AWESOME.

When you brew coffee using only half the water, you get a pretty potent pot of java, right? Which got us thinking, why not try that with beer? So we took our original Orange Blossom Pilsner, cut the water and voi-frickin'-la: pot o' awesome sauce we call OBP 2. A double dose of all-natural ingredients, including real Orange Blossom Honey. No refined sugar. 11% alcohol by volume. It's the bee's knees, brahs.
